CORRESPONDENCE.

S.N. 12

No.F.57-E/32.

A copy of the undermentioned papers is forwarded to the Hon'ble the Resident in Mysore for information and guidance with reference to correspondence resting with this Department memorandum No.D.2205-E/32, dated the 11th June 1932, and endorsement No.F.57-E/32, dated the 16th February 1933.

S.N. 13 of H

By order, etc.,

Under Secretary to the Government of India.

Foreign and Political Department,

Simla,

The 7/14 May 1934.

---

1. Letter from the Government of India, Department of Education, Health and Lands, to the Secretary to the Governmen of Madras, No.F.17/32-H, dated the 14th August 1933.

2. Endorsements from the Government of India, Department of Education, Health and Lands, Nos. F.17/32-H, dated the 10th April 1934, (with enclosures.)

3. Office Memorandum from the Government of India in the Finance Department No.D/1823-Ex.II, dated the 23rd April 1934.

Copy of letter No.F.17/32-H, dated Simla, the 14th August 1933, from the Offg. Deputy Secretary to the Government of India in the Department of Education, Health and Lands, to the Secretary to the Government of Madras, Local Self-Government Department.

Free medical treatment of Government officers and establishments on a reciprocal basis.

--

With reference to your letter No. 33828-I.D.P.H., dated the 10th September, 1931; I am directed to say that the Government of India are prepared to agree as a measure of reciprocity that European officers of the Madras Government who are posted to Salem, Chittoor and Anantapur Districts should be permitted to utilise the medical institutions of the Central Government at Bangalore free of charge and should be entitled to free medical attendance by the Residency Surgeon when they are passing through or come to Bangalore for treatment. They regret that, owing to the multifarious and onerous duties of the Residency Surgeon, which preclude his absence from Bangalore even for short periods, it is not possible to permit him to undertake outstation duties when an officer may be too ill to travel to Bangalore. In the circumstances, the Government of India trust that the Madras Government would now be prepared to accept the reciprocal arrangements proposed in this Department's letter No. 2507-H, dated the 18th December 1930.

Abstract.

Medical treatment - Reciprocity with the Government of India - Proposals of the Government of India - Agreed to.

Local Self Government Department.
G.O.No.MS: 2830 P.H., dated the 16th December 1933.

Read again G.O.No.311 P.H., dated the 1st February 1929.

S.N.3/a Read also:-
Letter from the Government of India, Department of Education, Health and Lands, No.2507-Health, dated 18th December, 1930.

Letter from the Surgeon-General with the Government of Madras, No. 129-2-G, dated the 25th February 1931.

S.N.2/a Letter from the Government of India, Department of Education, Health and Lands, No.F.17/32-H, dated the 14th August 1933.

ORDER.

According to the orders in G.O.No.311 P.H., dated the 1st February 1929, officers of the Central Government when treated in Government medical institutions in this Presidency are required to pay medical, surgical and nursing charges in addition to the charges for accommodation and diet at the rates applicable to non-officials. Similarly officers of this Government who are admitted for treatment into a hospital belonging to the Central Government have to meet the entire charges in the first instance and subsequently recover from this Government the medical, surgical and nursing charges paid by them under the same conditions as an officer who is treated in a Non-Government institution.

2. The Government of India now propose to enter into a reciprocal arrangement with this Government according to which all the officers and employees of the Government of India will be eligible for free medical attendance and free medical treatment in hospitals maintained by this Government in return for similar concessions for the officers and employees of this Government when they are admitted into the hospitals maintained by the Central Government. The arrangement will not however cover cases in which officers or members of establishments journey of their own choice outside the Province or area in which they serve to consult some particular medical officer or to be treated in some particular institution. In these cases the persons concerned should themselves [illegible] expenditure involved. The Government of India have al[illegible]

5/

that, as a measure of reciprocity, European officers of this Government who are posted to Salem, Chittoor and Anantapur districts should be permitted to utilise the medical institutions of the Central Government at Bangalore free of charge, and should be entitled to free medical attendance by the Residency Surgeon when they are passing through or come to Bangalore for treatment.

3. This Government accept the proposals of the Government of India and direct that the arrangement be given effect to from the date of this order on the understanding that it will not affect the existing practice adopted in this Government's letters Nos. 1157 P.H., dated 28-5-1932 and 2161 P.H., dated 15-10-1932, in respect of reciprocity between the Civil and Military Departments in X-Ray treatment and of the medical treatment of military personnel in Civil Hospitals and Civilian Officers in Military Hospitals.

New Delhi, the 10th April, 1934.

From

R.H.Hutchings, Esquire, I.C.S.,

Addl. Deputy Secretary to the Government of India.

To

The Secretary to the Government of Madras,

Legal and Revenue Department.

Free medical treatment of employees of the Central and Provincial Governments on a reciprocal basis.

Sir,

With reference to the correspondence ending with your letter dated the 19th December, 1933, I am directed to say that the Government of India [illegible] have accepted the reciprocal arrangements proposed by the Government of India for the free medical treatment, on, and treatment of, all officers and establishments of the Central and Provincial Governments, as set forth in paragraph 2 of the Madras Government Order no.Ms.2830-P.H., dated the 19th December, 1933. The Government of India are also taking steps to introduce corresponding arrangements on their part in the territories which they administer directly.

2. I am to add that from paragraph 3 of Madras Government Order no.Ms.2830-P.H., dated the 19th December, 1933, it is noted that the existing arrangements in regard to the following will not be affected by the reciprocal arrangements referred to in paragraph 1 above.

(1) X-Ray treatment of civilian entitled patients in military hospitals with X-ray installations but no military entitled patients [illegible]

such installations as laid down in Army Instruction (India) No.298 of 1924 and agreed to by the Local Government in their letter no.MS.1157-P.H., dated the 28th May, 1932;

(2) Treatment of entitled military patients in certain civil hospitals at Madras for a period of three years from 1st April, 1933, on payment of a lump sum from the Defence Services Estimates;

(3) Treatment of entitled military patients in other civil hospitals maintained by the Government of Madras, on payment of hospital charges at the rates applicable to non-officials, vide local Government's letter no.MS.2161-A.PH., dated the 15th October, 1932; and

(4) Treatment of European Civilian officers etc. in the employment of the Government of Madras, in military hospitals under the terms of Army Instruction (India) No.B-132 of 1928.

I have the honour to be,

Sir,

Your most obedient servant,

R. St. Hutchings

Addl. Deputy Secretary.

H/F (8

Extract from a letter No.F.17/32-H, dated the 20th January, 1934, to the Government of the Central Provinces.

Subject:- Free medical treatment of central and provincial Government servants on a reciprocal basis.

I am directed to refer to your letter No.6454/978-IX, dated the 21st November, 1931, in which the Government of the Central Provinces made the following specific proposals on the above subject:

(1) that in return for the free medical treatment to be provided by the local Government for the civil establishments of the Government of India, the European military medical officers stationed at Saugor and Kamptee, where there is no British Civil Surgeon, should be required to undertake free medical attendance on the few European officers of the Superior Civil Services under the administrative control of the local Government stationed at those places and

(2) that a European civilian patient should be admitted to a military hospital if the local Civil Surgeon and the officer in charge of the military hospital are satisfied as to the necessity of the admission, and that no charge should be made over and above the usual scale of hospital fees for board and accommodation fixed for such patients.

2. As regards the first proposal, the Government of India have now decided that European officers of Superior Civil Services at Saugor and Kamptee, where there is no European Civil Surgeon, should be entitled to the services of European Military medical officers stationed at those places and that no fee should be payable by the patients or the local Government for such services. The Government of India have, however, decided to pay, out of Central funds, a nominal fee of Rs.5 per visit to the military medical officers to cover their out of pocket expenses for visits to the officers employed under the local Government. The question of the procedure

to be adopted for making these payments is under consideration and a reference will be made later to the local Government if necessary. The second proposal is already covered by the provisions of Army Instruction (India) No.B.-132 of 1928.

Free medical treatment of central and provincial Government servants on a reciprocal basis.

Sir,

With reference to the correspondence ending with your letter no.1135/64-IX, dated the 3rd March, 1934, I am directed to say that the Government of India are glad that the local Government have accepted the reciprocal arrangements proposed in this Department letter no.2507-H, dated the 18th December, 1930, for free medical attendance on, and treatment of, all officers and establishments of the Central and Provincial Governments, subject to the conditions set forth in that letter and in paragraphs 1 and 2 of this Department letter no.F.17/32-H, dated the 20th January, 1934. It is requested that necessary arrangements may be introduced accordingly in the Central Provinces if this has not already been done. The Government of India are taking steps to introduce corresponding arrangements on their part in the territories which they administer directly.

(24)

No.F.22-5/34-H.
Government of India.
Department of Education, Health and Lands.

New Delhi, the 26th April, 1934.

Memorandum.

The attention of Government has been drawn to the hardship occasioned by the withdrawal by certain Provincial Governments of the concession of free medical treatment of subordinate employees of the Central Government stationed in territories administered by local Governments. Negotiations have been in progress for free medical treatment of employees of Central and Provincial Governments on a reciprocal basis and arrangements have already been made with most of the local Governments to that effect. But in order to provide for cases of employees stationed in provinces which have not yet joined the reciprocal scheme or where such an arrangement was suspended for some time, the Government of India have decided to reimburse charges which have been paid or may be paid in future by the employees in question to provincial hospitals or provincial medical officers for treatment which would formerly have been provided free of charge.

2. The extent to which claims for reimbursement should be entertained will depend on the kind and nature of medical attendance which used to be rendered free of cost prior to the withdrawal of the concession by the provincial Government concerned. For the guidance of Heads of Departments and offices it may be mentioned that "medical attendance" ordinarily includes

(a) medical attendance at the entitled Government servant's residence or at the consulting rooms of the authorised medical attendant including such surgical treatment as can suitably be given at the Government servant's residence or at the consulting rooms of the authorised medical attendant, and

(b).....

(b) Such treatment as is normally provided by a Government hospital with its own staff, equipment and apparatus in cases where the authorised medical attendant considers it desirable in the interests of the patient that he should be sent to a Government hospital to which he is entitled to be admitted.

3. Each claim must be supported by a certificate, signed by the officer competent to pass the pay and travelling allowance bills of the applicant, to the effect that he has satisfied himself that the sum claimed has actually been paid, that it was not possible for the Government servant in question to obtain the required treatment from a hospital or officer of the Central Government, and that no portion of the sum claimed would have been payable by the applicant before the withdrawal of the concession of free medical treatment by the local Government. Controlling officers should ordinarily insist on the production of receipts, or a statement signed by the medical officer who attended the applicant, but in exceptional circumstances they may dispense with such evidence if they consider that the bona fides of the applicant has been sufficiently established in other ways and that documentary evidence of the usual kind could not be obtained without serious difficulty.

4. Claims in respect of payments made to private medical practitioners will not be entertained.

5. These orders will have retrospective effect from the date of the withdrawal of the concession of free medical treatment by the Provincial Government concerned and will remain in force until reciprocal arrangements are reestablished.

6. The expenditure involved will be debited to the budget of

(26)

the office in which the Government servant applying for reimbursement is employed.
